why is our foldable wireless mouse better?

We use only the best components in our MS1829 to ensure it meets our highest standards. Ergonomic design provides comfortable use. Ingenious foldable design converts it into a compact size that is perfect for travel. Strong metal shaft is used for the folding mechanism. ABS plastic material. 2.4GHz, 2 way transmission technology with an operating range up to 30 feet. Top IC chip (3065XY) & RF solutions (89P1-E) within the wireless industry - a true 2-in-1

chip with an optical tracking DPI switch & indicator that adjusts the speed (800/1200/1600) for accuracy. Extra strong infrared sensor that passes through any rough surface. Plug and play nano receiver fits into the body of the mouse. Windows PC and Mac compatible. 2 AAA alkaline batteries (included). Battery status indicator. Low battery consumption with both manual and auto shut down feature to conserve battery life.

MS1829

Full size foldable wireless mouse optical mouse. Ergonomic design that's convenient to bring wherever you go.
